Yes  No

## 9. Export payment option

- My installed capacity is less than 30kW and I have no export meter, so I wish to have my exports estimated. (Secretary of State determines the percentage of electricity deemed to be exported).
- My installed capacity is less than 30kW and I have an export meter that I wish to use to record my exports. (Export payments will be calculated solely on export meter readings provided).
- I am going to receive export payments outside FIT scheme as I have a separate negotiated tariff in place. (No export payments will be made as you are selling the electricity in open market via 3rd party).
- My installation is Off-Grid so I cannot export. (No export payments will be made).

## 10. Multi-installation Declaration (Solar PV Installations Only)

OFGEM (the governing body for the FIT scheme) requires that all applications for solar PV installations, are accompanied by this completed declaration. If your installation is solar PV, then please tick the option below which best describes your situation:

Does the FIT Generator (i.e. owner of this installation) or the Nominated Recipient (person/company receiving FIT payments from this installation) own, or will receive, FIT payments from 25 or more other eligible solar PV installations?

Yes  No

Ofgem require a specifically worded agreement as part of this declaration We have set this out below.

### Multi-Installation Declaration

If You have ticked Yes above, You and the Nominated Recipient certify in respect of this Application for accreditation that either You or the Nominated Recipient (if there is one) are, or have applied to be, the FIT Generator or Nominated Recipient for 25 or more other eligible PV installations located on different Sites. In this certification, "FIT Generator" and "Nominated Recipient" include all persons who are "connected persons" in relation to them.

If You have ticked No above, You and the Nominated Recipient certify in respect of this Application for accreditation that neither You or the Nominated Recipient (if there is one) are, or have applied to be, the FIT Generator or Nominated Recipient for 25 or more other eligible PV installations located on different Sites. In this certification, "FIT Generator" and "Nominated Recipient" include all persons who are "connected persons" in relation to them.
